TO: TRIBAL GOVERNMENTS AND COMMUNITIES

The Department of Water Resources (DWR), State-Federal Flood Operations Center is in the process of updating the 2009 edition of the "Directory of Flood Officials" (Directory). This is an emergency directory and our goal is to gather sufficient information to ensure that we are able to contact you in the event of an emergency.

DWR is currently gathering contact information from Tribal Governments and Communities interested in being included in the Directory. Please complete the enclosed Tribal Data Sheet and a Personnel Data Sheet for each contact person and submit them as soon as possible to be included in the 2009 Directory. Directions for completing these forms are on Page two of this letter. Information not received in time to be included in the printed version of the 2009 Directory will be included in the Directory in 2010.
