TO: DISTRIBUTION LIST

SUBJECT: 2009 SOUTHERN CALIFORNIA PRESEASON FLOOD COORDINATION MEETINGS

As water managers, emergency responders, or managers that deal with flood preparedness and response, DWR would like to invite you to attend one of this year's Preseason Flood Coordination meetings scheduled in Southern California.

You are receiving this letter because you either attended one of last year's Preseason Flood Coordination Meetings in Southern California or are included in the DWR Directory of Flood Officials contact list.

The Preseason Flood Coordination meetings will be held at the following locations in Southern California: Ventura, Santa Barbara, San Bernardino, and San Diego. DWR, along with its partners the National Weather Service, U.S. Army Corps of Engineers, and other State agencies, will provide a brief overview of current and future weather and water conditions, an overview of DWR's Flood Operations Center, and other related topics. A tentative agenda is enclosed with meeting dates, times, and locations.

If you have any questions or need further information, please contact Wendy Stewart of DWR's Flood Operations Center at wstewart@water.ca.gov or by phone at (916) 574-2619.

We look forward to working with you on flood preparedness and response.

Sincerely,

A handwritten signature in black ink, appearing to read "William A. Croyle".

William A. Croyle, Chief
Flood Operations Branch
Division of Flood Management
